

How to order prints:

1. Identify the number (or file name) of the slide, negative, transparency or digital file to be printed. Check for duplicate numbers and assign them a new unique image number or separate them in another package with a new order form.
2. Fill in all the boxes that apply to your order and total the charges in the far right column. Please include all cropping instructions if needed. Include any special instructions in the space provided.
3. Complete your order and payment information on the other side of this form.
